

Resources

Below are a list of resources that provide additional information about clean, renewable energy:

National

- **Union of Concerned Scientists:** www.ucsusa.org/clean_energy/index.cfm

UCS is an independent nonprofit alliance of more than 100,000 concerned citizens and scientists. They augment rigorous scientific analysis with innovative thinking and committed citizen advocacy to build a cleaner, healthier environment and a safer world.

- **American Wind Energy Association (AWEA):** www.awea.org

Since 1974 the AWEA has advocated the development of wind energy as a reliable, environmentally superior energy alternative in the United States and around the world.

- **National Renewable Energy Laboratory (NREL):** www.nrel.gov/learning.html

NREL is a leader in the U.S. Department of Energy's effort to secure an energy future for the nation that is environmentally and economically sustainable.

- **Environmental Protection Agency (EPA):** www.epa.gov/cleanenergy/

The mission of the Environmental Protection Agency is to protect human health and the environment. Since 1970, EPA has been working for a cleaner, healthier environment for the American people.

Texas

- **Texas Renewable Energy Industries Association (TREIA):** www.treia.org

TREIA is A statewide non-profit organization of companies and individuals involved in solar, wind, biomass, geothermal and hydro electric energy products and/or services. Additionally, TREIA is an advocate for clean energy, energy security, energy independence, and Texas jobs since 1984.

- **Texas Commission on Environmental Quality (TCEQ):** www.tceq.state.tx.us

The Texas Commission on Environmental Quality (TCEQ) is the environmental agency for the state.
